

# SUSD Student and Staff Safety

March 2024

Ensuring the safety of students, staff and community is a fundamental priority at SUSD. The District will be implementing layered measures aimed at safeguarding the well-being of all individuals within its campuses. These include physical security enhancements, additional camera coverage, controlled points of entry, and strong emergency preparedness tools and procedures.

## 1. Perimeter Fencing

Perimeter fencing is continuously being assessed and improved throughout the District to enhance student and staff safety.

Ongoing

## 2. Access Control

Video intercoms provide two-way communications between visitors and staff before entry is granted.

Starts May 1, 2024  
(20 week rollout)

## 3. Hall Pass Visitor Management

The Hall Pass Visitor Management system allows the District to check in visitors and conducts a registered sex offender check before entry.

Starts April 1, 2024

## 4. Camera System

The District is increasing the number of cameras at each school site, significantly improving the effectiveness of the District's security through increased coverage and quality.

Starts June 1, 2024

## 5. CatapultK12 Emergency Communications

The CatapultK12 app provides centralized emergency communications simultaneously informing staff and law enforcement, enabling schools to respond to any emergency while prioritizing student and guardian reunification.

Starts March 4, 2024

## 6. inMapz Emergency Routing

inMapz mapping system coordinates mapping of schools and safe evacuation routes during an emergency for students, staff and first responders.

Starts March 27, 2024

## 7. Say Something Anonymous Reporting

The Say Something app educates staff and students on how to recognize warning signs and threats affecting our school community and provide an easy anonymous way to report concerns.

Starts May 1, 2024
