(Summary of Legal Provisions)

"When a school district or a county superintendent of schools wishes to employ a person in a position requiring certification qualifications and that person has not previously been employed in a position requiring certification qualifications in this state, the district or county superintendent shall require a medical certificate in such form as shall be prescribed by the State Board of Education showing that the applicant is free from any disabling disease unfitting the applicant to instruct or associate with children. The medical certificate shall be submitted directly to the governing board or county superintendent by a physician and surgeon licensed under the Business and Professions Code, a commissioned medical officer exempted from licensure by Section 2144 of the Business and Professions Code, or a commissioned medical office in the United States Air Force.
