

Stockton Unified School District: Annual Career Technical Education Advisory Committee 2014-2015

June 18, 2015; 1:30 PM

Greater Stockton Chamber of Commerce Waterfront Room hosted by CEO Doug Wilhoit

Meeting Minutes

Members in attendance

Doug Wilhoit	GSCC CEO
Frank Ferral	GSCC Director, and CTE Advisory Committee Chair
Nicole Jimenez	GSCC Coordinator of the BEA
Salvador Vargas	Delta College Dean
Gillian Murphy	Delta College Dean
Ward Andrus Ed. D.	SUSD Director of CTE and CTE Advisory Committee Secretary
Tami Gray	SUSD Counselor at Weber Institute
Maxine Arieda	SUSD Teacher at HCA

Minutes:

- Dr. Andrus provided a an overview of all Career Pathways in the Stockton Unified School District
- Dr. Andrus provided a review of the Core Indicators (as set of measurements required by the California Department of Education for the Federal Perkins Grant). There was a discussion about testing and the high school exit exam, and the relevance of the data.
- Dr. Andrus and Frank Ferral provided an overview of the Business Education Alliance activities for 15-16

This is a 2 year agreement pending board approval on July 14, 2015 will make changes to the BEA's operations

- No longer will there be monthly meetings, rather a quarterly plated lunch or breakfast meeting of high level executives from business and education to discuss relevant topics to workforce development.
- All high schools will have mock interviews
- Only on City wide Career and College Fair
- The BEA will continue the speakers bureau, Chair the Perkins CTE Advisory Committee (this group) and Green Schools programs
- The BEA will facilitate industry tours

- The BEA will provide a detailed list of participation in each event they coordinate in a final report annually.

- A general discussion of program direction, quality and industries represented by the career pathways
 - Stockton Public Safety Academy (Opening in the Fall, 2016)
 - Project Lead the Way (Beginning in 2015): A STEM, Engineering, Biomedical and Computer Science Curriculum
 - Engineering: Chavez, Edison, Merlo, and Weber
 - Biomedical: Health Career Academy (4th year)
 - STEM: Launch and Gateway: Harrison, Marshall, Fillmore, and Primary Years Academy

Other comments and recommendations from the members:

1. Teach Soft Skills: Dress, Timeliness, respect for employer policies and procedures
2. Training programs for entry level mechanics, woodworking, and all building trades
3. A logistic program, Delta has hired a logistics teacher, need to connect and build a program with them
