

CAREER TECHNICAL STUDENT ORGANIZATIONS

HOSA

HOSA's two-fold mission is to promote career opportunities in the health care industry and to enhance the delivery of quality health care. HOSA is at Health Careers Academy.

SkillsUSA

SkillsUSA is a partnership of students, teachers and industry working together to ensure America has a skilled workforce. SkillsUSA helps students excel through educational programs, events, and competitions that support career and technical education.

Chavez, Franklin, Merlo and Weber High Schools have SkillsUSA chapters.

FFA

Future Farmers of America (FFA) programs and events promote premier leadership, personal growth, and career success through classroom learning, competitive events, and hands-on experiences. FFA is not just for students who want to be production farmers; FFA also welcomes members who aspire to careers as teachers, doctors, scientists, business owners and more. FFA is offered through the Stagg High School Ag Programs.

WHAT IS CAREER TECHNICAL EDUCATION?

Career Technical Education, also known as CTE, plays an important role in meeting SUSD's mission to graduate all students college, career, and community ready. According to the organization Advance CTE, studies show that students enrolled in a CTE program have a greater high school graduation rate and are more likely to complete their post-secondary education and receive employment.

Career Technical Education prepares students with both technical and 21st Century skills that enhance their employability in the modern job market. CTE provides a framework for the next steps a student needs to take towards being successful in their chosen field. These next steps might include employment, an apprenticeship, trade school, community college, or a four year degree from a university.
