Plan Description

Briefly describe your school's plan for effectively meeting the ESSA requirements (For CSI and/or ATSI, if applicable) in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

The School Plan for Student Achievement (SPSA) is designed to meet the needs of all school-level planning requirement for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to improve student outcomes by creating a plan that maximizes the resources available to the school. The School Site Council (SSC) is utilized to develop and annually review the SPSA and make modification in the plan which reflect the changing needs of our school, pursuant to EC 52853(b) and 52885. The SPSA is used to document Cleveland's approach to improving student outcomes through the use of additional funding sources.

This SPSA serves as the plan for using site allocated LCFF funds. The School goals and strategies are directly aligned with SUSD's Local Control Accountability Plan (LCAP) to ensure a clear alignment between the school site, district, and state priorities.

This SPSA meets all requirements to serve as the Title I Schoolwide Plan (SWP) and as the Additional Targeted Support Improvement (ATSI) plan.

Educational Partner Involvement

How, when, and with whom did your school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Cleveland staff meet regularly with our School Site Council (SSC) to review CA Dashboard, I-Ready, PLUS Survey, Walkthrough Feedback, and other observation data based on the findings of our Comprehensive Needs Assessment. SSC engaged in dialogue on the progress of goals and strategies and provided feedback to help guide the implementation of the SPSA. Feedback from informational sessions with ELAC, parents, students, and staff were shared with SSC during the development of the SPSA to ensure that all educational partners were able to have a say in what Cleveland's goals and strategies would be for the coming year.

School Site Council discussed SPSA review and development on the following days:

- September 28, 2023
- October 26, 2023
- December 21, 2023
- January 18, 2024
- February 22, 2024
- March 28, 2024
- April 18, 2024
- August 29, 2024

Parents were engaged in the SPSA review and development during the following meetings and days:

- Title 1 Parent Meeting this year on August 17, 2023
- Monthly Coffee Hour on May 3, 2023

- English Language Advisory Committee on October 27th, 2023
- English Language Advisory Committee on January 25th, 2024
- English Language Advisory Committee on April 26th, 2024
- Monthly Coffee Hour on August 29, 2024

Staff were engaged in SPSA review and development during the following meetings and days:

- Faculty Meeting on February 20, 2024
- Faculty Meeting on March 26, 2024
- Faculty Meeting on April 2, 2024
- PLUS Student Leadership Team Meeting on April 29, 2024
- Faculty Meeting on September 24, 2024

Resource Inequities (CSI and ATSI Only)

Briefly identify and describe any resource inequities identified as a result of the required needs assessment.

Differentiated Assistance: Stockton Unified School District is under Differentiated Assistance district wide for the following student groups and CA School Dashboard Indicators.

English Learners: ELA, Math, College Career (HS)

Foster Youth: ELA, Math, College Career (HS), Graduation Rate (HS)

Homeless Youth: Suspension Rate, College Career(HS)

Student with Disabilities: ELA, Math, Suspension Rate, College Career (HS), Graduation Rate (HS)

American Indian/Alaskan Native: ELA, Math, Suspension Rate, Absenteeism Rate (ELEM)

At Cleveland, the student groups identified for Differentiated Assistance are performing as follows on the CA School Dashboard for 2023:

Student Group	ELA	Math	Suspension Rate	Absenteeism Rate (ELEM)	Graduation Rate (HS)	College Career (HS)
English Learner	76.8 points below standard (orange)	101.3 points below standard (orange)	X	X	X	N/A
Foster Youth	population too small, no indicator	population too small, no indicator	X	X	N/A	N/A

Homeless Youth	X	X	7.7% suspended at least one day (red)	X	X	N/A
Students with Disabilities	88.4 points below standard (orange)	122.8 points below standard (orange)	3.5% suspended at least one day (orange)	X	N/A	N/A
American Indian/Alaskan Native	population too small, no indicator	population too small, no indicator	population too small, no indicator	population too small, no indicator	N/A	N/A

One resource inequity found at Cleveland School is that every student does not have access to a highly qualified, credentialed teacher providing effective instruction daily. Students had multiple substitute teachers learning the curriculum and content for the sixth grade which impacted the achievement for the students over the two years.

Comprehensive Needs Assessment

Comprehensive Needs Assessment Summary

The Administrative Team met with the Leadership Team, District ATSI support team, Parent Coffee Hour parents, and School Site Council to review the 2023 California Dashboard (ELA, Math, ELPAC, Suspension, Absenteeism), I-Ready Diagnostic results, SIPPS data, PLUS survey, and other site observational data to closely examine subgroups and the factors that prevent them from achieving at grade level. See attached 2023 CA Dashboard Report at the end of the SPSA for current school performance in all areas. "The following student groups are performing in the Red or Orange Indicator on the CA School Dashboard for 2023.

Several major gaps were observed between student groups on the CA Dashboard Indicators for Cleveland School. Cleveland has historically had a challenge with the high number of students chronically absent from school. Cleveland is focusing on improving the percentage of students chronically absent from school in order to impact the academic achievement of all students and student groups.

Trend data was also reviewed year over year which resulted in observing that overall students show an increase in achievement in ELA and Math, but specific student groups show a decline. Data was reviewed utilizing a Decision-Making Matrix to identify specific areas of need. The 5 Why's procedure was conducted with Educational Partners to identify the specific needs of our students. In this process, we identified Math and chronic absenteeism as areas of focus for this 2024-2025 school year due to the high percentage of students chronically absent from school and missing critical instruction and more specifically, Math instruction. When using the 5 Whys technique to analyze the decline in Math performance, we discovered the following strategies to support schoolwide improvement:

- Professional Learning Communities to support high quality first instruction.
- Professional development for teachers to master content knowledge and curriculum.
- Instructional coaching to support classroom instruction, lesson planning, and teacher collaboration.

Cleveland's school plan is reviewed annually and updated throughout the year, with input and feedback from our stakeholders. During the 2023-2024 school year, Cleveland Elementary conducted a Comprehensive Needs Assessment (CNA) process that included a review of the school's mission and vision, educational expectations, assessment data, and achievement gaps. These meetings with stakeholders included the monthly School site Council (SSC), ELAC, parents, teachers, administrators, and other staff. Through several brainstorming activities, interviews, examination of documents, curriculum guides, professional development agendas, surveys of teachers and parents, classroom observations, and instructional walks, the CNA identified the following priorities using the Decision Making Model (DMM) for possible insights for the achievement gap in Reading, Math, and Science:

- PLC guiding coalition team have identified a need for an MTSS framework to ensure proper interventions are in place for all tiers and all targeted student groups.
- Based on district SIPPS assessment data in grades K-3, there is a high number of students in all targeted student groups who need school readiness and literacy foundational skills.
- Based on the I-Ready Diagnostic 2 for Math, 83.7% of students in grades K-8 are below grade level and need additional time through a Math intervention and/or strategic support.
- The SEL and mental health screener results in grades 3-8 demonstrate significant needs in improving students' emotional well-being with a Tier 1 SEL weekly check-in/screener, to understand and support students emotional and health needs.
- Student access to academic support/tutoring for all grades and targeted student groups.
- Cleveland had a low percentage, less than 10%, of parents attending and participating in school related activities.

Goals, Strategies/Activities, and Expenditures

Complete a copy of the Goal table for each of the school's goals. Duplicate the table as needed.

Goal 1.1

Goal #	Description
Goal 1.1	<p>School Goal for ELA/ELD: By EOY 2025, the percentage of students in grades K-8th meeting/exceeding grade level standards in Reading will increase from 36.9% to 40% as measured by the I-Ready Diagnostic Assessment 3.</p> <p>By EOY 2025, per ELPAC, 5% of the total number of EL students will be reclassified to Redesignated Fluent English Proficient (RFEP).</p> <p>All students and subgroups will increase the percentage of met/exceed standard by a minimum of 3% in ELA as measured by the California Dashboard by May 2025. The long term goal is for all students and all student groups to reach the "High" status in ELA as measured by the California Dashboard by 2025.</p> <p>SMART Goals for our identified ATSI Student Groups: To increase the percentage of met/exceed standard by a minimum of 3% in ELA and Math, as measured by the California Dashboard by May 2025 for the following student groups:</p> <ul style="list-style-type: none"> -African American students (declined 22 points in ELA and 15 points in Math) -Homeless (increased 42 points in ELA and Math) -Two or More Races (increased 27 points in ELA and 33 points in Math) -Whites (increased 32 points in ELA and 16 points in Math) <p>School Goal for Math: By EOY 2025, the percentage of students in grades K-8th meeting/exceeding grade level standards in Math will increase from 33.2% to 37% as measured by the I-Ready Diagnostic Assessment 3.</p> <p>All students and subgroups will increase the percentage of met/exceed standard by a minimum of 3 points in Math as measured by the California Dashboard by May 2025. The long term goal is for all students and all student groups to reach the "High" status in Math as measured by the California Dashboard by 2025.</p>

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

PLC guiding coalition team have identified that all staff need professional development in the data analysis protocol to plan for additional time and support for students not meeting standards.

100% of Cleveland teachers have not attended the initial AVID training as recommended for school-wide certification.

In order to fully implement AVID schoolwide, our staff needs on-going professional development based on the new goals.

PLC guiding coalition team have identified a need for an MTSS framework to ensure proper interventions are in place for all tiers.

Based on the I-Ready Diagnostic 2 for Math, 83.7% of students in grades K-8 are below grade level and need additional time through a Math intervention and/or strategic support.

Based on district SIPPS assessment data in grades K-3, there is a high number of students who need school readiness and literacy foundational skills.

Cleveland has been identified for Additional Targeted Support and Improvement (ATSI) program for the following subgroups: African American, Homeless, Two or More Races, and White student groups.

Student access to academic support/tutoring.

Our 2023, I-Ready Spring Diagnostic Assessment results show that 63% of our students are performing one or more grade levels below grade level in Reading. 64% of students struggle with Vocabulary. 62% of students struggle with Comprehension (Literature and Informational Text).

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
i-Ready Diagnostic Assessment 3	Reading 36.9% Math 33.2%	The percentage of students in grades K-8th meeting/exceeding grade level standards in reading will increase from 36.9% to 40% and Math from 33.2% to 37%.
Percent of English Learners improving one level on ELPAC	50.9 % ELs making progress	55% ELs making progress

1.1.14	<p>Advancement Via Individual Determination Program (AVID): AVID program implementation and support for student groups focused on college, career, and community readiness skills aligned with academic growth and social-emotional development.</p> <p>Cleveland has a strong AVID Leadership Team working on the implementation of WICOR strategies, focusing schoolwide on one strategy per trimester. Grade levels commit to specific instructional strategies using the AVID articulation matrix. The team is looking at our goals and planning/refining these areas and will be providing staff development for the new school year.</p> <p>Cleveland has a team of 5 staff signed up to attend the AVID National Conference this year to further our implementation of AVID school wide. The goal is for all Cleveland teachers to attend an AVID Summer Institute or AVID National Conference training for full implementation of the program/strategies.</p> <p>Cleveland School, Grades K-8, will have an AVID organizational, collaboration, and writing focus as a strategy to improve student achievement. Teachers plan lessons and instruct students to become organized and prepared by keeping all materials in binders and/or folders. Cleveland School purchases instructional materials such as folders, binders, planners, journals, pouches, dividers, highlighters, daily review workbooks for all K-8 students. The effectiveness of this strategy is determined by AVID administrators and evidence from the annual Certification CCI tool.</p> <p>Cleveland School implements AVID school-wide strategies to all students. Students in 7th-8th grades have the opportunity to select AVID as an elective course. Field trips to colleges are planned for students in the AVID elective course to explore college and career options. Students in grades K-6 are learning AVID strategies as they are integrated into the subject matter and instructional delivery.</p> <p>Cleveland will pay student fees, transportation, and professional services involving AVID implementation, instructional practices, and college readiness.</p> <p>Metrics for Progress Monitoring: AVID CCI (Coaching & Certification Instrument), evidence of culminating and follow-up activities, I-Ready Diagnostic Assessments.</p> <p>Title I Funding Allocation: AVID Conference: \$11,700 Additional Teacher Compensation: \$11,340 Additional Program Specialist Compensation: \$1,000</p>	English Learners, Foster Youth, Low Income, Students with Disabilities	<p>\$37,752</p> <p>\$7,500</p> <p>\$11,340</p> <p>\$11,700</p> <p>\$14,334</p> <p>\$1,000</p>	<p>0100 - LCFF/S&C (site)</p> <p>3010 - Title I</p> <p>3010 - Title I</p> <p>3010 - Title I</p> <p>3010 - Title I</p> <p>3010 - Title I</p>

Annual Review

SPSA Year Reviewed: 2023-2024

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

An Analysis of how this goal was carried out in the previous year.

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Strategy 1 Cleveland teachers received professional development at our monthly designated Faculty Learning and Grade Level Meetings, after school, and on the three contractual professional development days. Professional development focused on the core program implementation for ELA, Math, Social Studies, and Science. Coaching was provided in identified areas of need, with support from the Instructional Coach, Program Specialist, and district curriculum specialists. Identified Cleveland teachers and new teachers were targeted for intensive coaching on curricular instructional routines and full implementation of the programs as designed. Cleveland professional development focused on AVID strategies of the month, Professional Learning Community coaching, use of Math manipulatives with the core program, designated EL strategies, socio-emotional learning (SEL), Sown to Grow, Catapult, and K-3 SIPPS implementation. In addition, six members of our PLC guiding coalition will have attended 6 days of coaching support with our Solution Tree coach. He will also provide two days of on-site coaching for the team. He will have worked with four grade levels of refining and supporting their teams with the PLC process. The Students with Disabilities subgroup increased achievement and were able to exit the ATSI status. The Students with Disabilities increased 10.2 points in ELA and 7.2 points in Math. Strategy 2 Stockton Unified School District content coaches for Math, Social Studies, Science, and AVID were able to visit Cleveland school and work with designated grade levels of teachers for lesson planning, lesson demonstration, and the co-plan/co-teach method. Additional support and follow-up were provided by our site Instructional Coach and Program Specialist. Evidence of effective professional development include classroom observations, instructional walks, positive feedback from teachers, and collaboration minutes that showed strategies and curriculum resources are being utilized from the professional development. Cleveland was fortunate to have our Instructional Coach this year provide additional curriculum support to teachers. In addition to providing effective professional development, she was able to work directly with a first-year teacher and three other teachers working to complete their credential requirements. The Instructional Coach also worked with grade levels and teachers individually in grades TK-8 on lesson planning, modeling lessons, co-teaching, debriefing with teachers after school, content collaboration, and implementing curriculum. However, we had to share our Instructional Coach with another school. (LCAP 2.4) The Program Specialist assisted with coordination of intervention/after school tutoring, assessments administration, technical support for technology and software, AVID Coordinator, and providing professional development. The Program Specialist also served as coordinator of EL Programs, testing Coordinator, SAP Team Member, and assists with Master Schedule development and student placement. Overall effectiveness can be measured by the high number of students enrolled in tutoring, with 15 teachers providing academic support, high participation rate completed for local and state assessments, efficient turnaround time for technology support and troubleshooting programs, curriculum materials and needs for students on campus, correct placement of students in AVID and/or ELD, and collaboration/timely communication with staff on data analysis, deadlines, and compliance related topics. Cleveland has been AVID certified for the past 8 years for secondary and 7 years for elementary. (LCAP 2.4) The Library Media Clerk received training and support from our district Librarian on managing the school library and providing technology assistant. He was able to assist students to select the appropriate level of high interest books and motivate students to become bibliomaniacs, thus, promoting the improvement of reading comprehension skills. According to the Destiny library circulation, there has been an increase in the number of books being checked out and classroom visits to the library. (LCAP 1.7) Cleveland School was not able to provide additional time and intervention support to struggling primary readers this year due to scheduling and assessment needs. However, Cleveland was able to provide academic tutoring to students through the ELOP after school program, with fifteen teachers/classes and a high number of students enrolled in the program. The African American, Homeless, Two or More Races, and White student groups are targeted for enrollment in our ELOP and Summer Learning Academy extended learning opportunities. (LCAP 1.8) EL students received daily ELD instruction with

their homeroom teacher at a designated time according to the Master Schedule. Professional development was provided in fall 2023 on ELD strategies and language acquisition best practices. Findings from the ELD classroom walk-throughs are reviewed and shared with the staff by Program Specialist and administrators. Teachers are able to use the feedback to refine their instruction and best practices when working with EL students. Due to limited platooning opportunities, most ELD instruction are occurring in small groups. Based on collaboration and teacher feedback, teachers were able to effectively focus on their EL students and their needs for language support. (LCAP 1.3) Our Bilingual Assistant provided EL students at ELPAC levels 1 and 2 with primary language support during her small group instruction. According to the Teacher-Paraprofessional logs, she focused on the foundational skills, including reading/phonics/phonemic awareness, scaffolding teacher provided lessons in Reading and Math, Writing skills, and when needed using the students' primary language to give them access to grade level concepts. Students are demonstrating growth as evidenced from their I-Ready assessments and meeting their grade level SMART goals. Currently, Cleveland has re-designated 7 EL students to English proficient, with 33 newcomers enrolled this year. (LCAP 1.3) Strategy 3 Three Cleveland teachers attended professional development on Math through the County Office of Education, middle school teachers are attending Science training provided by the district, eight teachers and administrators attended the PLC at Work Conference during the summer, and five teachers and administrators attended AVID professional development last summer to strengthen the schoolwide implementation of AVID. Teachers had the opportunity to attend additional AVID professional development through the pathway training offered on weekends and spring break, the monthly AVID virtual meetings, and training at our staff meetings. Through classroom observations and instructional walks, there is evidence of effective WICOR strategies being implemented and grade level/schoolwide collaboration. The feedback Cleveland received during our AVID and Equity walks were helpful and strategies are in place, such as classroom ambassadors in all classes, A-G requirements posted in classrooms, and a focus on Structures for Collaboration and Inquiry to increase level of student engagement and academic dialogue. (LCAP 1.6) Cleveland School implements AVID school wide WICOR strategies to all students. Students in grades K-6 are learning AVID strategies as they are integrated into the curriculum. Students in 7th-8th grades have the opportunity to select AVID as an elective course by submitting their interest form and application. (LCAP 1.6) Cleveland has an AVID Leadership Team consisting of a representative for each grade, who attends monthly meetings, with the AVID Coordinators, Administrators, and support staff. As evidence in the AVID meeting minutes, the team worked on promoting college awareness throughout the campus, focusing on instructional equity, and implementing school-wide instructional strategies, such as focused note-taking, marking the text, one-pagers, RACE writing strategy, and levels of inquiry. The team also reviews and annually updates the AVID Articulation Matrix to reflect grade level commitments and current year's goals. Evidence of levels of implementation for each of the AVID Domains are collected and submitted for annual certification using the Coaching & Certification Instrument (CCI) tool. Implementation of WICOR strategies were observed during the site's winter certification/class visits, as evidenced by students' organizational binders, folders, pouches, agendas/planners, and student work displayed on the bulletin boards. (LCAP 1.6) STEM related activities were provided in classrooms and after school enrichment programs from teachers who received training for MESA. Overall, the programs were effective as evidenced by students requesting enrollment and participation in these activities. We had three teachers teaching MESA in grades 6 through 8. Students were highly engaged in their small groups with completed hands-on projects incorporating the Next Generation Science standards and the new Science curriculum. Students participated in the MESA competitions at the University of the Pacific. (LCAP 1.2) Strategy 4 The participating teacher and Instructional Coach received online training on the Learning Together program. Students in seventh grade are working with fourth grade students as their buddies to reinforce reading fluency and comprehension skills. (LCAP 1.6) Students in 5th grade attended Sky Mountain Science Camp in the fall. 7th and 8th grade teachers were able to schedule two college tours, a visit to the Tech Museum, and visited two other local college campuses. Three 2nd grade classes were able to attend the "Charlotte's Webb" play at San Joaquin Delta College. Third grade went on the AgVenture field trip. Grandmother's Trunk visited our 4th grade classes. Our students in our Special Ed program participated in community-based field trips, including the local Starbucks, grocery stores, Stagg High School, and University of the Pacific. Kindergarten will be visiting Pixie Woods in May. Peer Leaders Uniting Students (PLUS) team members went to Stagg High School a few times for leadership training and the annual PLUS conference at University of the Pacific. Seven 8th grade students are enrolled in the Summer Residency Program at University of the Pacific this June. (LCAP 1.8) Strategy 5 Stockton Unified School District offers a one-week Summer Bridge program for incoming Kindergarten students at participating schools. Cleveland will be offering a summer bridge program this coming July 2024. (LCAP 1.8)

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Cleveland did not implement a SIPPS PLUS group for students in grades 4 through 8. Our intermediate teachers have not received training on the SIPPS program. Kindergarten SIPPS started later in February 2024. Next year, SIPPS will start after fall break. Students must know 20 out of 26 lower case letter names before starting Lesson 1 in SIPPS Beginning. Science is still not fully implemented due to a need for additional planning time, training on the current program, and on-going support. African American, homeless, two or more races, and White student groups were identified as Additional Targeted Support and Improvement (ATSI)

again in 2023. The percent of students chronically absent and suspended from school were factors in exiting ATSI last year. However, Students with Disabilities were able to exit ATSI for increased achievement in ELA (+10.2 points) and Math (+7.2 points). Cleveland is still working on refining a schoolwide MTSS plan for equitable academic instruction for all students and identified student groups. One cycle of academic conferencing was held for identified teachers to support their instructional needs. Our nine member PLC teams could not attend the PLC coaching days due to substitute shortage and teacher absences. Primary intervention was not implemented this year due to scheduling and assessment needs. Title 1 funding (\$10,000) was reallocated to additional compensation for teachers to support their planning and collaboration. We also moved the excess LCFF funding (\$10,000) for Library Media Assistant to purchase additional library books and instructional materials. Cleveland had a team of the same five teachers and Administrators attend the AVID Summer Institute for 2023. This school year, teachers had the opportunity to attend the AVID pathway and other AVID workshops/training locally and virtually. The goal is for all Cleveland teachers to attend an AVID Summer Institute training for full implementation of the program/strategies. (LCAP 1.2) The remaining funding for strategy 3, STEM activities, was used for additional purchases for equipment, including 3-D printers, to create a STEM lab for hands-on projects during the elective courses and after school enrichment. Cleveland has not offered a Summer Bridge program for several years. Teachers are not electing to work the additional week before school starts.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Cleveland will continue with the same strategies/activities to achieve the goals for the following school year, with the following exceptions and/or changes: *Fund, implement, and create a schedule for the primary reading intervention to support the foundational skills and meet the academic needs of identified students. *Hire an Instructional Assist to provide small group instruction daily. *Recruit teachers (9) who have not received training to attend one AVID Summer Institute or Path training. *Provide professional development and PLC collaboration during the summer. *Based on funding source, continue providing extended day programs and enrichment activities. *Teachers have requested the purchase of Quizizz to help with common formative assessments. *Implement K-6 book buddies to support SIPPS Fluency and Independent Reading (IDR) time. *Provide training and professional development for teachers that focus on improving students' writing skills. *Provide Math intervention programs to support students who are struggling. *Continue funding the FIT program based on the decrease numbers of discipline referrals and suspensions. *Summer Bridge program will be offered in July 2024.

Goal 2.1

Goal #	Description
Goal 2.1	<p>School Goal for Suspension: To decrease the number of suspensions by 2% for all students according to the California Dashboard by May 2025. By May 2025, our goal is to decrease the suspension rate of each subgroup by the following percent: African American less than 1%, homeless, two or more races, and White student groups by 2% of the student population.</p> <p>School Goal for Attendance/Chronic Truancy: To decrease the percentage of students chronically absent from school by 10%, from 30% to 27% for all students and subgroups according to the California Dashboard by May 2025. By May 2025, our goal is decrease Chronic Absenteeism in the following subgroups: African American (41.2%), homeless (25%), two or more races (53%), and White student groups (21%).</p> <p>*California Department of Education Dashboard 2023 *Data from Chronic Absenteeism (Synergy Reports) April 2024 *Data from SUSD Attendance Report 4/2024</p>

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

PLC guiding coalition team have identified that all staff need professional development in the data analysis protocol to plan for additional time and support for students not meeting standards.

100% of Cleveland teachers have not attended the initial AVID training as recommended for school-wide certification.

In order to fully implement AVID schoolwide, our staff needs on-going professional development based on the new goals.

Our 2023, I-Ready Spring Diagnostic Assessment results show that 63% of our students are performing one or more grade levels below grade level in Reading. 64% of students struggle with Vocabulary. 62% of students struggle with Comprehension (Literature and Informational Text).

Our 2023 I-Ready Spring Diagnostic Assessment results show that 67% of our students are performing one or more grade levels below grade level in Math. 69% of students struggle with Geometry. 63% of students struggle with Measurement and Data.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Monthly SUSD Attendance and Discipline report.	Currently, as of April 2024, the percentage of students chronically absent from school is 30% (210 students as compared to 267 students from last year).	We anticipate at least a 10% decrease in the percentage of students who are chronically absent from school.

Annual Review

SPSA Year Reviewed: 2023-2024

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

An Analysis of how this goal was carried out in the previous year.

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Cleveland was able to meet the goal for decreasing suspensions this year. As of April 2024, we have a total number of suspension days at 40 as compared to the previous year when we had 102. After analyzing our suspension data for 2021-2022, the results showed most incidents occurred during lunch recess on the

playground; staff decided to offer lunchtime organized sports for our students. The FIT lunchtime sports program provides Cleveland with two Coaches at lunch recesses for organized sports and games. The program is effective as evident by the decrease of suspensions and discipline referrals. Cleveland School implemented Restorative Practices in lieu of suspension for non-aggressive offenses at school. To date, we have had two Friday detention sessions for students learning restorative practices from Counselors after school. Cleveland has had 4 students complete the restorative practices Friday detention and community services in lieu of suspension. The program was effective as four students did not miss instruction due to suspension and received preventative/restorative counseling services. (LCAP 2.7) The Counselors trained students on the PLUS Program this year. Training took place during lunch time and after school during their PLUS meetings. PLUS team members conducted forums for intermediate students. (LCAP 2.7) The Cleveland PBIS team meets for one hour after school each month to schedule school events, plan student awards, and identify solutions to specific behavior. Students also receive recognition and awards for demonstrating the character trait of the month. The PBIS team also provide training to staff during Faculty Learning. The monthly PBIS team meetings are effective as evidenced by fewer student suspensions and behavior referrals this year. One of their major topics for discussions is how to reduce the number of students who are chronically absent from school. The chronic absenteeism is 29.9% as of March 2024 and the previous year was 35.25%. (LCAP 2.7 & 3.4)

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Cleveland is still working on refining a schoolwide MTSS plan for equitable academic instruction for all students and identified student groups. (LCAP 2.7) There was not an online SEL program for students to check-in and strategies for positive mindset. (LCAP 2.7) Students in PLUS needed more time to meet, plan, and conduct more forums. (LCAP 2.7)

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Cleveland will continue with the same strategies/activities to achieve the goals for the following school year, with the following exceptions and/or changes: *Fund and implement the Friday Detention/Restorative Practices to support the social emotional and behavior needs of identified students. *Cleveland may alter the master schedule to offer a PLUS elective. *Recruit for teachers who have not received training on the PLUS program in an effort to identify a teacher to train the team of students to implement the program from the beginning of the school year. *Provide professional development to teachers and allocate instructional minutes for social emotional lessons at the beginning of each week. *Based on funding source, continue scheduling monthly meetings for PBIS team members.

Goal 3.1

Annual Review

SPSA Year Reviewed: 2023-2024

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

An Analysis of how this goal was carried out in the previous year.

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Strategy #1 Cleveland School families were provided with opportunities to become involved in their child's education throughout year. School Site Council, English Learners Advisory Committee, and PTA monthly meetings took place in person. Parent Cafe weekly meetings also took place in the fall. Parent Coffee Hours and Parent Cafe workshops had an average of twelve parents in attendance. Surveys are provided to parents about their interests and topics that they would like more information for presentation. (LCAP 3.2) Teachers in grades TK-8 held required parent conferences, Care and SST meetings. (LCAP 3.2) Cleveland has noticed an increase in parent attendance at monthly awards assemblies, when we recognize students for demonstrating the character trait of the month. (LCAP 3.2) Cleveland has an AVID parent information meeting and awards event scheduled for April 25th. It is an opportunity for our parents and students in grades 6-8 to attend and learn about AVID. Students will also be recognized for their achievements in the AVID elective class. Cleveland also has an AVID college, career, STEM, & math make-and-take event scheduled for April 30th. It is a great opportunity for parents and families to learn strategies for improving Reading comprehension, Math skills, and learning multiplication/division facts to automaticity at home. Effectiveness of the strategy will be determined by the number of parents and families attending the event. (LCAP 2.7) Strategy #2 Bilingual Paraprofessional Assistant worked extended hours to translate for parents at meetings and school events. (LCAP 1.3) Strategy #3 Planners were purchased for students in grades 3-8 as a tool for daily communication with parents. According to teacher grades and AVID binder checks, planners were effective in helping students stay organized and turn in assignments by due dates. In addition, planners include important new age-appropriate information which supports common core standards for character education, tobacco prevention, and substance abuse awareness curriculum. (LCAP 2.1/2.7)

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Parent Coffee Hours and Parent Cafe workshops are long due to the need for translating to parents who speak a language other than English. Parents have reported that beamentor.org is not user friendly and that it is a lengthy process for approval to be a school volunteer.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Cleveland will continue with the same strategies/activities to achieve the goals for the following school year, with the following exceptions and/or changes: *Provide additional opportunities for parent workshops and presentations based on survey results or input on topics of interest and preferred times for meetings from Cleveland families (Strategy/Activity 1). *Invite Cleveland families to student events on campus, like Math/Science nights, lunch on the lawn, and other activities where parents can interact with their child at school. *Host a technology training for our parents and school community. Many parents have shared that they are experiencing difficulty with navigating the online platforms for meetings and district programs. *Re-establish the cooperating relationship between Cleveland School and University of the Pacific for hosting student teachers and music students fulfilling fieldwork hours. *Place orders for planners earlier to receive them before the first day of school.

Goal 4.1

Goal #	Description
Goal 4.1	<p>School Goal for Meaningful Partnerships:</p> <p>Cleveland will increase parent volunteers and participation at school events by 10% as measured by attendance at conferences, school governance meetings, school events, volunteers, PTA membership, and through regular communication on student school planners by May 2025.</p> <p>By May 2025, Cleveland will increase the number of family nights/parent meetings from 3 to 5, including Back-to-School Night and PTA events.</p>

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Flyers/Agendas/Minutes/Sign-In Sheets	Currently, an average of 10-12 parents who participate in parent involvement workshops/committees.	Family Nights/Meetings -5 Anticipate a 10% increase in parent involvement.

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

contribute to the development and monitoring of various programs and supports made available to all students, staff and community Conduct parent trainings and school events that empower community in supporting student achievement and build capacity for school relations and partnership.

Provide parents with support and resources that empower them to be engaged in their student's learning, (i.e., parent training, Cleveland Academic Meeting with Parents (CAMP), parent conferences/ meeting, Parent Coffee Hour presentations, student-led conferences, AVID information and field trips, college and career readiness activities, materials and refreshments, before and after school, recess/lunch/school activities and events, school communication, after school focused activities, etc.).

Cleveland will host two Family Nights for Math, Science, Music, and/or to showcase Project Lead the Way, STEAM, and the AVID Program at school

Cleveland will purchase planners for communicating with parents daily. Students in grades 3-8 will receive a planner to log assignments/scores and for teachers to write notes and communicate with parents. Planners include new age-appropriate information which supports common core standards for character education, tobacco prevention, and substance abuse awareness curriculum. Parents are encouraged to review the planners daily/weekly and space provided for parent communication with school/teacher.

Parent Cafe Meeting Light Snacks and Refreshments (Nutrition and cooking). Presenters will instruct Cleveland parents on preparing nutritious meals for their families.

Cleveland will pay student fees, professional services, and duplicating costs associated with parent training, community events, and building educational partnerships.
