

Time Accounting Log Instructions for Title I and/or Title II Funded Curriculum Specialist

Time Accounting Log Instructions

The following instructions will help you complete the mandated Time Accounting Log. The mandate to complete this Time Accounting Log is because your position is in part funded by state and/or federal dollars.

Step 1: Obtain Funding Source and Percentage

Obtain your funding source and percentage from either:

- 1) your annual notification (see sample below) from the district's State and Federal Director (sent via email and provided during training) and/or
- 2) your program supervisor.

RE: Notification of Time Accounting Funding Source, Percentage and Guidance

In compliance with the categorical State and Federal program guidelines, you are being notified that your position is funded by more than one funding source, at least one of which is a federal and/or state funding source. *Federal guidelines require that you record your activities and hours related to this funding in the 2019-2020 Time Accounting Log (spreadsheet) and those activities and hours must accurately reflect ALL work performed for 100% of the hours worked on that day, even work hours funded apart from state and/or federal sources. Please refer to the attached sample Time Accounting Log.*

Funding Source	Funding Percentage
«RESCPTITLE» - «RESCPURPLE»	«PCTPURPLE»%
«RESCOTITLE» - «RESCORANGE»	«PCTORANGE»%
«RESCGTITLE» - «RESCGREEN»	«PCTGREEN»%
Total Funding Percentage	«TOTAL_PCT»%

The 2019-2020 Time Accounting Log and instructions to help you complete the spreadsheets are available on the District's *State and Federal Program* website, *Personnel Activity Report/Time Accounting* page (<https://www.stocktonusd.net/Page/10561>). You are required to complete this Time Accounting Log on a monthly basis from July 2019 through June 2020.

The Time Accounting Log must be printed in color, signed and dated by the employee, and forwarded to the employee's program supervisor by the 5th calendar day of each month. It is encouraged that the reporting employee provide their calendar to the program supervisor as a frame of reference and as supporting documentation. Following the review by the program supervisor the printed color copy of the Time Accounting Log must be signed, then scanned (in color) and e-mailed to: timeaccounting@stocktonusd.net by the 15th of each month. Please note that paper copies or black/white scanned documents will NOT be accepted.

If you should have any questions or need more information, please email my office at timeaccounting@stocktonusd.net, or contact Kelly Townley at extension 2621.

Thank you in advance for your compliance with this federal reporting requirement.

Time Accounting Guidelines

BACKGROUND

The Federal Education Department General Administrative Regulations (EDGAR) governs the administration of federal grants to education programs. Being a recipient of federal and state funding resources, the district is required to implement regulations and controls that serve the purpose of ensuring that the intended results of these funding sources are achieved. Time accounting, a documentative regulation, ensures that the district is properly charging salaries and wages that are reasonable, necessary and allowable in accordance with applicable funding source requirements.

The Code of Federal Regulations (CFR), Part 200 (the Uniform Guidance) and the California School Accounting Manual (CSAM), Procedure 905, have outlined principals and requirements of time accounting documentation, upon which we have written the guidelines that follow.

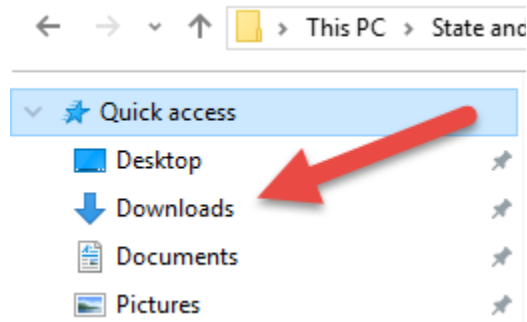

WHO MUST COMPLETE TIME ACCOUNTING DOCUMENTATION?

[Time Accounting Log Instructions](#)

- Click on the link.
 - The Excel document will automatically download into your Downloads folder.

- Open your Downloads folder and locate the Excel document titled “Time Accounting...”
- Open the document, then Save As to a designated folder on your computer.
- Locate document on your computer, then right click and select Rename.
 - Rename the document in the following naming convention:

Month Year Time Accounting Log – Last Name First Name Employee ID

August 2017 Time Accounting Log – Smith Jane 10010000

- Double click document to open and begin editing.

Example: Work performed in August would require entry into the Time Accounting Log for August, even though the document is completed and submitted in September.

Step 3: Enter Personal Identifying Information

To simplify the data entry in the “Time Accounting Log...”, a tab was created with fields that capture all personal identifying information and replicates onto each monthly tab. Therefore, you will not need to repeatedly enter the information for each month when completing the time accounting log.

The following actions will guide you in entering your personal identifying information:

- Locate the tab “Autofill Personal Data” (third tab from the left) and select

In the worksheet type over the text following in the color (blue-gray) shaded cells:

- Name (Row 1)
- Position (job title) (Row 3)
- School/Department (Row 5)
- Employee ID (Row 7)

Name:	Insert Name
Position:	Insert Position
School/Department:	Insert School Site or Department
Employee ID:	Insert Full Employee ID Number

Step 4: Funding Source and Percentage

Locate your funding source and percentage provided to you at training or by your program supervisor. Pinpoint the purple shaded area on the memo and the Time Accounting Log.

To complete:

- 1) Enter (type over) the directions in the purple shaded “Federal Funding Source1” field located in the “Autofill Personal Data” (third tab from the left). This action will autofill on each monthly Time Accounting Log worksheet.

9	Federal Funding Source1 (A10):	Insert Federal Funding Source Provided from Memo
10		

- 2) Enter (type over) the directions in the purple shaded “Federal Funding Source1 Percentage” field located in the “Autofill Personal Data” (third tab from the left). This action will autofill on each monthly Time Accounting Log worksheet.

Important Note: The percentage must be a whole number. For example, 50% should be entered as whole number 50, not as a decimal .5.

11	Federal Funding Source1 Percentage (%):	0.00
----	--	------

- 3) Repeat the process for the orange shaded fields as described above.

13	Non-Federal Funding Source2 (A22):	Insert Non- Federal Funding Source Provided from Memo
14		
15	Non-Federal Funding Source2 Percentage (%):	0.00
16

- 4) In the rare event funding is split three-ways, repeat the process for the green shaded fields as described above.

17	Other Federal or Non-Federal Funding Source3 (A34):	Insert Other Federal or Non-Federal Funding Source Provided from Memo
18		
19	Other Federal or Non-Federal SourceFunding 3 Percentage (%):	0.00

Step 5: Selecting Activity

There is a Time Accounting Log for each month; all activity codes have been prefilled to reduce the data entry for the person completing the logs.

Typically:

- 1) The purple shaded section is federal program related; therefore, “TA – TF” activity codes were prepopulated.
- 2) The orange shaded section is non-federal program related; therefore, “NA – ND” activity codes were prepopulated.
- 3) The green shaded section is reserved for the rare occasion an employee is split funded three-ways. The activity codes were not prepopulated. If the employee has a third funding source, the appropriate activity codes meeting the funding source should be selected from the dropdown menu.

m	Activity	1

In the spreadsheet, select the “Activity Codes” tab.

Use the information contained in the “Activity Codes” tab to select which activity code/heading that best relates to the activities worked over the course of the month. The activity heading has been broadened to allow the Time Accounting Log to be used by various staff.

Time Accounting Log Instructions for Title I and/or Title II Funded Curriculum Specialist

For the purposes of this instructional document, the activities have been divided into two categories based on “Title I” funded activities (purple shaded) vs. “Title II” funded activities (orange shaded) vs. General Fund or Non “Title I or Title II” funded activities.

“Title I” Funded Activities – Curriculum Specialist

- T1A – Visit classroom and demonstrate activities
- T1B – Assist in planning/implementation of supplemental/intervention programs
- T1C – Professional Development - improve instruction
- T1D – Data Analysis/Reporting to inform instruction
- T1E – Identify Supplemental Classroom Materials
- T1F – Supporting Parent/Family Involvement Activities

“Title II - Increase Teacher and Principal Effectiveness” Funded Activities – Curriculum Specialist

- T2A – Planning and providing professional development (including how to integrate technology into the curriculum)
- T2B – Teacher Support: Observe classrooms, debrief observation, demo lesson, co-planning
- T2C – Attending Professional Development

General Fund (Non “Title I or Title II”) Funded Activities – Curriculum Specialist

- NA – Non-supplemental parent/family involvement activities
- NB – Correspond/Administrators/Teachers
- NC – Assist with adoption/review/evaluation/pilot of curriculum and/or core classroom materials
- ND – Creating and aligning core assessments, curriculum, and pacing guides
- NE – Daily general duties - emails, phone calls, etc.

Step 7: Recording Holiday, Vacation, Sick Hours

During the course of your work schedule, the use of holiday, vacation and sick hours occur.

The Time Accounting Log, has a section to record these hours beginning on Row 53:

53		Holiday=H								
54		Sick/Personal Necessity Leave=S								
55		Vacation=V								
56										
57		Pay Period Totals	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00

To ensure the hours are recorded accurately and consistently, the Time Accounting Log has been programmed to include reminders and validations.

For example: In Row 53 for Holiday hours, the first column allows for a numerical value ("6") to be entered; however, second column generated an error message when the alphabetic value ("H") is entered.

The screenshot shows an Excel spreadsheet with a data validation error message. The error message is a dialog box titled "Microsoft Excel" with a red 'X' icon. The text inside the dialog box reads: "This value doesn't match the data validation restrictions defined for this cell." Below the text are three buttons: "Retry", "Cancel", and "Help". The spreadsheet shows a table with columns for hours worked, holiday, vacation, and sick hours. The 'Holiday' column contains the value 'H', which has triggered the error. A tooltip below the error message reads: "Insert numerical vaule only. Insert number value. Round value to the nearest quarter. 1, 1.25, 1.5, 1.75..."

Please note: Numerical values are only allowed when entering hours worked, holiday, vacation or sick hours.

Step 8: Approvals and Submissions

After completing Steps 1 – 7, the Time Accounting Log must be printed in color, signed and dated by the employee, then forwarded to the employee's program supervisor by the 5th of each month. The employee's program supervisor is the person who has direct knowledge of the duties performed for the reporting period. It is encouraged to provide your calendar to the program supervisor as a frame of reference and supporting documentation.

Important note: Employees AND Program Supervisors will be held accountable for the accuracy of the work performed in compliance with the funding source. It is the responsibility of the employee and program supervisor to fully understand the job description/duty statement and the allowability of activities for that particular funding source. Failure to provide accurate and timely time accounting documentation may result in disciplinary action.

Following the review by the program supervisor the printed color copy of the Time Accounting Log must be signed, then scanned (in color) and e-mailed to: timeaccounting@stocktonusd.net by the 15th of each month.

Please note: No paper copies or black/white scanned documents will be accepted.
