March 30, 2009

Ms. Kate Post
Stockton Asparagus Festival
343 E. Main St., 10th floor
Stockton, CA 95202

Dear Ms. Post:

MAIN REASON FOR WRITING I am writing to confirm that Weber Institute will provide parking for the 2009 Stockton Asparagus Festival. I am also requesting that the parking map be corrected to reflect the types and locations of parking that we provide. As in previous years, we have handicapped parking, motorcycle parking, and general parking.

DETAILS, DETAILS, DETAILS On the map, our two parking lots facing Madison Avenue should be designated as handicapped parking only. However, the lot facing Weber Avenue is not for vehicles bearing handicapped tags. Please correct the map so that this lot is designated for motorcycles and general parking. In this lot, we have room for about 200 cars and 150 motorcycles. Finally, would you please confirm that a portable toilet has been ordered for the larger handicapped lot on Madison Street?

WHAT SHOULD HAPPEN NEXT Please get back to me, either by phone or email, regarding the map changes I've requested. You can call me at (209) 933-7330. My email address is lweiss@stockton.k12.ca.us. Please also let me know when the portable toilet will be delivered. Thank you.

Sincerely,

Leslie Weiss
