This Policy shall apply to all acts related to school activity or to school attendance occurring within the District, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

This policy applies to all acts related to school activity or school attendance occurring within a school under the jurisdiction of the local educational agency, and all act of the governing board or body of the local educational agency, the superintendent of the school district, and the county superintendent of schools in enacting policies and procedures that govern the local educational agency.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the characteristics listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with the student's academic performance; or otherwise adversely affects the student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the characteristics above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint as set forth in AR 5145.3.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the District's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. The Superintendent or designee shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the District's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the District's educational program. The Superintendent shall report his/her findings and recommendations to the Board after each review.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board Policy, or Administrative Regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive such as is set forth in Education Code Section 48900.4.
