

VIRTUAL TOWN HALL MEETING

SCIENCE of

ADDICTION

VAPING » UNDERAGE DRINKING » SUBSTANCE USE

SEPTEMBER 22 | 5:30 P.M. | ZOOM

FEATURING

Dr. Victor DeNoble

Please join us for a town hall meeting with Dr. Victor DeNoble. Dr. DeNoble is a scientist that was one of the first “whistle-blowers” to testify against Big Tobacco companies and exposed their tactics to get people and kids hooked. Come listen to his suspenseful story in untangling the science used to keep people addicted to nicotine. Participants will understand that smoking and vaping are harmful and addictive. In addition, participants will be able to make informed choices about leading a tobacco and vape-free lifestyle.
